1 person has recommended Mitch

"Mitch has proven himself to be a top-notch artist for Soepel. I enjoyed many of his work. He has shown to me that he has the skill, potential, and the motivation to become very good artist. As he already is a very good artist, he wants to learn more at his new college. This is something that really makes him a great player in the artist world. Besides being a skilled artist, it was also very pleasant to have worked with Mitch. He is a kind and social guy with whom you can have a good conversation as have many laughs. Good luck Mitch!"
